**Educational Activity:**

428 1/2 hours of classroom presentations, materials purchased for recycling, totaling \$9,976.20 - funding provided by fiscal court, UK Robinson Trust, PRIDE, and SAR (Southern Appalachian Recycling).

**COLLECTION:** Students wrote letters to parents about their responsibility to dispose of solid waste properly, to participate in the county program and to share the information with other family members. Students and teachers participated in school clean ups in October and April.

**DISPOSAL:** Showed videos on local access channels, in the classrooms such as "Waste in Place", "Life After the Curb", "The Rotten Truth", and "Gone With the Waste".

**RECYCLING/REDUCTION:** Students were taught the 6 R's - Reduce, Reuse, Recycle, Rethink, Refuse and RESPECT. SAR contributed 100 Bagit systems for classrooms to recycle paper.

**OPEN DUMPING/LITTER:** Students taught about litter, legal penalties or fines and how littering harms the environment. High school students taught how they are role models thru the "Natures for Me" program which also made them aware of the effects of their past littering.

**ENFORCEMENT:** Activities are designed to address enforcement, penalties and fines, and to promote citizen participation in county solid waste programs.

**Educational Activity:**

**COLLECTION:** Utilize cable access TV stations and local newspapers to communicate solid waste collection services and schedules.  
**DISPOSAL:** All aspects of environmental education including the purpose of landfills are incorporated into the County and City school curriculum.  
**RECYCLING/REDUCTION:** Telephone book recycling program – letters were sent to schools, PSA's and news releases were sent to local media; interviews conducted with WHOP and TV43; Herbie Curbies were distributed to the schools to begin the weekly pickups. Pallets were set up at the warehouses. PRIDE ran monthly office and computer paper routes for recycling with a total of approximately 19.035 tons collected. Many trees, shrubs, and flowers were donated for planting this year.  
**OPEN DUMPING/LITTERING:** PRIDE Inc maintains a Litter and Weed Hotline. PSAs regarding the illegal dumping of waste oil were sent to the fiscal court and the administrative offices of all the municipalities. PSAs regarding illegal dumping were sent to Q108, WHOP, WQKS, in 2000. The PAL campaign – Keep America Beautiful Month was organized. Several tons of trash were picked up through the course of the year.  
**ENFORCEMENT:** The Litter and Weed Hotline serves as a means for concerned citizens to report overgrown and littered lots, illegal dumping, and junk cars. The Hotline resulted in 25 complaints, 525 inspections, 329 letters sent, 116 phone calls, 9 citations issued, 16 citations pending, 0 citations corrected.  
City Ordinance 93.15 – tall weeds, junk, trash, and debris – PRIDE, Inc. is responsible for enforcing this ordinance.  
City Ordinance 95.02 – junk cars, trucks – PRIDE, Inc. is responsible for enforcing this ordinance.  
A total of 7340.0 volunteer hours were donated for assisting PRIDE's efforts toward clean up and beautification projects for the year 2001.

**Educational Activity:**

**COLLECTION:** The collection of materials that are included for recycling and/or for disposal are included during discussions and presentations regarding solid waste and are often noted in newspaper articles.

**DISPOSAL:** Proper disposal of solid waste is routinely included in all presentations done by SWC. Presentations were done at the following elementary schools during 2001. Providence, Pilot View, and Strides Station.

**RECYCLING/REDUCTION:** Presentations were done by the SWC at the following schools which included a demonstration of waste reduction through recycling. Providence Elementary School, Strodes Station Elementary School, and six different classes during the Pilot View Elementary School Science Fair. All schools in Clark County participate in the telephone book recycling contest in February. 575 kids attended two days of 4H environmental education held at Wesley Woods Church Camp in May. Topics included recycling. Several articles included in this annual report were taken from the local newspaper that promotes local recycling events. The Future Farmers of America (FFA) assist during the Spring and the Fall Steel/White Goods Recycling Events. Several school groups have visited these events to learn first hand about recycling. Homemakers collect and recycle pop can tabs to benefit the Children's Miracle Network.

**OPEN DUMPING/LITTERING:** Illegal dumping and littering are topics that are routinely included in presentations conducted by SWC. Presentations were done by the SWC at the following elementary schools in 2001. Providence, Pilot View, and Strides Station. The 4H Environmental Camp also includes topics concerning illegal dumping and littering. 575 kids attended the two-day camp in 2001. Numerous articles in the local newspaper cover illegal dumping and littering. The high school and several other schools participate during the community litter cleanup and learn first hand about the problems associated with litter.

**ENFORCEMENT:** When violations occur and are investigated, the responsible party becomes educated about the laws and regulations regarding solid waste disposal.

COLLECTION: The Division of Solid Waste sent out three newsletters with information on proper setout procedures for waste, yard waste and recyclables. The newsletters also discussed disposal options, enforcement issues, and special cleanup activities. Solid Waste personnel hosted a recurring public access television show addressing collection, recycling, disposal, composting, enforcement and special cleanup activities. Solid Waste staff also participated in other public access and local network news reports to highlight solid waste activities. The Division of Solid Waste personnel maintains a comprehensive website that provides information on all Solid Waste services. A variety of press releases were issued on special collection programs, pickup schedules and illegal dumping cleanups. The Division of Solid Waste hosted a luncheon for LFUCG senior interns program and a presentation was given on solid waste and recycling activities

<b>\$29,579.00</b>	<b>Zero</b>	

**Educational Activity:**

**COLLECTION:** Advertising and news articles in papers for collection times and rates. Notices concerning Solid Waste were placed on garbage bills sent to the 5600+ households billed by the county and water companies.

**DISPOSAL:** Tours of drop-off site and CD&D for Leadership Hart County and new recycling committee members. Articles in the paper to advertise Commonwealth Cleanup Week, the twice-yearly large item drop-off, and the year 'round availability of the drop-off center and yard waste pickups. Presentations to Hart County Leadership classes concerning Solid Waste issues.

**RECYCLING/REDUCTION:** Articles in the paper and on the radio concerning the formation of a citizen committee to research recycling in the county. The group has been divided into subgroups targeting finance, education, and marketing. The recycling committee and coordinator published articles in the paper showing the savings to the service through the significant reduction in landfill tipping fees when recyclables are separated from the waste stream. For example, tipping costs of \$40,000 per year could be realized just by recycling cardboard and paper.

**OPEN DUMPING/LITTERING:** Photos and an article in the paper showing before and after clean up by the Cave and Karst Museum and the National Spelunkers' Society on a large sinkhole in the county.

Before and after photos and articles in the newspaper showing the Commonwealth cleanup of Concord Church Road, Glen Lilly and the collections for the large item drop-off. The Cave and Karst Museum in Horse Cave expanded its educational efforts and hired a new director of education to conduct accredited teacher training courses throughout the Commonwealth. The Cave and Karst Museum also expanded its exhibits, cave exploration classes, newsletters to schools in the Commonwealth, and magazine distribution across the country. The Cave and Karst Museum and the City of Horse Cave were featured in the April 2001 edition of Reader's Digest in an article about the recovery efforts for Hidden River Cave under Main Street in Horse Cave.

The American Cave Conservation Association and the Mayor of Horse Cave were given the 2001 Earth Day Award for their efforts to restore Hidden River Cave by the Environmental Quality Commission. Local and statewide newspapers and radio covered the ceremony.

**ENFORCEMENT:** Articles in the paper to highlight enforcement actions, court cases and warning letters sent to citizens involved in illegal dumping.

**Educational Activity:**

**COLLECTION:** Students wrote letters to parents about their responsibility to dispose of solid waste properly and to participate in the Johnson County solid waste program. Apple Valley Sanitation has a prepared slide presentation covering all aspects of solid waste management to present to elementary students. Tours of Apple Valley are available upon request to any class or school group. SWC published newspaper articles in cooperation with "The Paintsville Herald" relating to solid waste management. SWC available for talks to all school systems. Public service announcements by WSIP (local radio) relating to solid waste management issues.

**DISPOSAL:** Newspaper articles and public service announcements on proper disposal methods.

**RECYCLING/REDUCTION:** Newspaper articles and public service announcements on recycling. SAR worked with local school district to promote recycling in the schools beginning with paper and aluminum and expanding to include steel cans and plastic. Schools have started recycling paper using Bagit Systems and barrels provided by SAR and a PRIDE grant. The "Green Consumer" was taught to students as to how to close the loop. Students are taught to read the labels on which symbols to look for when purchasing products to recycle easier. SAR spend a total 557 1/2 hours on classroom presentations for all components of the solid waste management plan. \$2250.00 worth of material purchased for recycling.

**OPEN DUMPING/LITTERING:** Fiscal Court and PRIDE conducted an illegal dump cleanup period that consisted of newspaper and radio public service announcements relating to the negatives of illegal dumping. Fiscal Court has purchased signs which state "No Dumping-Video Camera Enforced" to be placed at illegal dumps to warn the residents of Johnson County that they may be monitored. SWC prepared a window display with solid waste literature and automobile litter bags available to the public. SAR presented information for reporting illegal open dumps and the penalties associated with open dumping. 2200 brochures were handed out during the Apple Festival. The material consisted of PRIDE information and illegal dumping information. SAR as part of the overall education program taught students about litter and the consequences of littering, the legal penalties or fines and how littering harms the environment. High school students were taught how they can be role models to younger students in the "Natures for Me" program. Students who teach this program in the schools have state that they make an effort to dispose of their litter properly after participating in this project. SAR liaison assisted Johnson County with related activities such as PRIDE projects, America Recycles Day, Earth Day, Commonwealth Cleanup, Adopt a Highway and information about Hazardous Waste and Tire Drop off sites.

**ENFORCEMENT:** SAR activities designed to address enforcement, penalties and fines, and to promote citizen participation in county solid waste programs. Solid Waste Enforcement Officer patrols areas and writes letters. Use of newspaper articles and radio announcements.

**Educational Activity:**

Funds totaling almost \$17,000 were provided by Magoffin County, U of K Robinson Trust, PRIDE, and SAR. A total of 667 hours were spent on classroom presentation by liaisons and over \$4,750.00 of the total dollars spent were on recycling materials and educational information.

**COLLECTION:** Students were introduced to the importance of reducing the amount of solid waste they and their families generate.

**DISPOSAL:** Students wrote letters to parents about their responsibility as consumers to dispose of solid waste properly.

**RECYCLING/REDUCTION:** Students were taught the 6 R's and were encouraged to introduce recycling ideas to their family. Activities were presented from nature's handbooks. SAR assisted in expanding established recycling in county and private schools. SAR worked with local school district to promote recycling the school. SAR distributed 1000 information packets about Magoffin County solid waste and recycling program at September's Founders Day Celebration. Schools received 150 Bagit Systems for paper and 70 barrels for plastic and aluminum.

**OPEN DUMPING/LITTERING:** High school students shown how to be role models to younger students in the "Nature's for Me" program. Participating students stated they make an effort to dispose of litter properly. Salyersville city Police contributed by citing students with NOV's for littering in parking lots in the Ramey Memorial Park and local hangouts; this has discouraged littering among teenagers. County is participating in Governor Patton's "Kentucky Certified Clean Counties Program" to clean up all identified open dumps.

**ENFORCEMENT:** "Project Respect" incorporates activities to address enforcement, penalties and fine, and to promote participation in county solid waste programs.

**Educational Activity:**

Over 28 newspaper articles published regarding various components of the solid waste management plan. In April, the Soil Conservation District held their annual spring banquet and awarded the Owsley County Fiscal Court the "Outstanding Continual Support of Solid Waste Programs". Judge Herald signed a proclamation promoting the Soil/Water Stewardship Week in May.

**COLLECTION:** Amended ordinance to increase the penalty of residents putting garbage in business dumpsters. One person summoned to court. The activity decreased and collection participation increased. Collections increased after franchise hauler took a stand, ran notices in the paper for one month refusing to pick up garbage at houses who were putting their waste with another house.

**DISPOSAL:** None reported.

**RECYCLING/REDUCTION:** Media campaign during spring clean up to recycle what could be recycled & not send it to the landfill. White Goods buyback held in Dec. 2001 with PRIDE funds collected 175 tons and cleaned up material from illegal dumps. Literature is given out detailing the proper way to dispose of appliances. Business cards are given to the public of the local haulers to contact if they don't have collection service. Southern Appalachian Recycling, with funds from the fiscal court, does a great job in educating our students and encouraging recycling. The Soil Conservation District sponsors a poster contest each year and awards a \$2000 scholarship to a graduating senior each year, as well as presenting educational programs.

**OPEN DUMPING/LITTERING:** County attorney reported littering on numerous occasions. Litter was found when he was out walking. These reports lead to 3 conviction that received a lot of attention. Local businesses donated prizes for the local civic groups who participated in the spring clean up. The county jailor, with inmates, worked on road cleanup for three weeks, recycling over a ton of aluminum cans. Proceeds from the sale bought more garbage bags. Cleanup of dumps is publicized to let public know when it will take place. Clayton Combs, county road foreman, is instrumental in identifying new dumps and participating cleanup activities.

**ENFORCEMENT:** Open dumping is investigated and material is examined to see if the owner can be identified. If I.D.'d, a warrant of arrest is obtained. Have run notice in local paper asking the public to report dumps or persons they believe to be dumping. In some instances, we have been able to charge individuals by setting up a surveillance camera. Hired an enforcement officer July of 2001 for a one year basis of 16 hrs./week. Ran a notice in paper to let residents know they can report illegal dumping to him; in the first month we had 42 phone calls. The notice is run occasionally and each time we receive phone calls.
